

CHILD SPONSORSHIP

Sponsor a child. Change a *life*.

On the floating villages of the Tonle Sap, one caring person can give a child an education, a full plate, and a future.

A photograph showing three children in a rural, aquatic setting. Two children are on a wooden boat; one is shirtless and the other wears a green and white striped shirt. A third child stands near a stilt house with a thatched roof. Laundry is hanging on a line outside the house. The background is a calm body of water under a hazy sky.

THIS IS HOME

Born on the water, without a *country.*

For the stateless ethnic Vietnamese of the Tonle Sap, home is a boat and a plank of wood above the lake. This is the world these children are born into.

WHO WE ARE

Bringing help where there is *none.*

International Humanitarian Missions is an organization of concerned professionals who bring healthcare, education, business, and technology to the ethnic Vietnamese floating villages on the Tonle Sap.

We run the Le Van Khanh School so these children can do what their parents never could: sit in a classroom, eat a warm meal, and learn to read, write, and dream.

Our child sponsorship program connects one caring person with one child, and turns that bond into a real future.

WHY THESE CHILDREN

800,000+

stateless ethnic Vietnamese on the Tonle Sap and Mekong, the largest stateless group in the world.

- They cannot obtain citizenship or own land.
- They cannot access healthcare, social services, or a job.
- Their children cannot enroll in public school.
- Many have been forcibly evicted from the lake, with nowhere to go.

— A LIFE WITHOUT RIGHTS

No papers. No school. No *way out.*

A child born on the lake has no birth certificate and no legal right to an education. Without papers, there is no public school, no healthcare, and no path to a different life.

Not because of anything they did. Only because of where they were born.

IT IS THE CHILDREN

They did nothing to deserve *less*.

Behind every number is a face like this one. A child who is curious, bright, and full of promise, waiting for one person to believe in them.

Sponsorship is how that belief becomes real. A seat in a classroom, a meal each day, and a future that was never supposed to be possible.

A woman wearing a patterned hat and a floral shirt sits on a wooden boat, holding two young children. One child is wearing a white shirt with a floral pattern, and the other is wearing a blue shirt with a hood. A third child, wearing a striped headscarf and an orange shirt, is sitting in a wooden chair next to them. In the background, there are other blue boats on the water, and a yellow structure is visible on the left. The scene is set in a floating village on a body of water.

LIFE ON THE LAKE

Everything happens on the *water.*

Families live, work, and travel by boat. For a child here, even getting to school means crossing open water every single day.

A PLACE TO BELONG

Going to school for the *first time.*

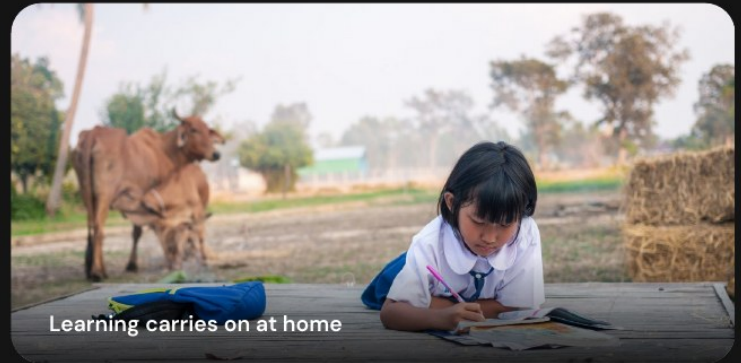

At the Le Van Khanh School, children who were never allowed in a classroom now have one of their own, with teachers, friends, meals, and a future taking shape.

A DAY AT OUR SCHOOL

This is what your sponsorship *makes possible.*

A classroom where there was none

Learning carries on at home

A snack and a smile between lessons

Friends, uniforms, and a sense of belonging

WHAT YOUR SPONSORSHIP GIVES

One child. Three gifts that *last*.

EDUCATION

A real education

Enrollment, supplies, caring teachers, and access to English and online learning that opens doors far beyond the lake.

NUTRITION

Nutritious meals

A full, healthy plate each school day, so a child can focus on learning instead of hunger.

OPPORTUNITY

A real opportunity

Confidence, achievement, and a path toward a future their family never thought possible.

A group of children, mostly of East Asian descent, are gathered in a large room with a high, vaulted ceiling made of translucent panels and metal beams. They are all holding up small, red and yellow snack packets, some looking at the camera and others looking at their snacks. The atmosphere appears joyful and celebratory.

STILL CHILDREN

Childhood should still have *joy.*

Sponsorship is not only school and meals. It is festivals, treats, friendships, and the simple right of a child to be a child.

EVERY CHILD HAS A NAME

These are the faces you would *change*.

MEET A CHILD

This could be *your* child.

Somewhere on the Tonle Sap, a child is waiting. She was born on the water, in a home that floats or stands above the flood. Before our school, she had never held a pencil.

With a sponsor, she comes to class every morning, learns in two languages, and eats a warm meal. Her future stops being decided by where she was born.

"Every child here has a name, a story, and a dream. All they are missing is someone who believes in them."

THEIR WORLD, YOUR CHANCE

The place a child calls *home*.

A canoe and a thatched home by the water

A family under one tin roof

A mother brings her children across the lake

A childhood spent on the water

THE INVITATION

One child is waiting for *you*.

You cannot change where a child is born. But you can change everything that comes after.

BECOME A SPONSOR

Give a child a *future.*

Your sponsorship turns a few dollars a month into an education, a full plate, and a real chance at life. Start today, and meet the child whose story you will help write.
